

District Goals

- 1. All curriculum will be completed and aligned to standards.**
- 2. All students will feel comfortable and included in a bully-free setting monitored by teachers, administration, and other students. Students will be able to identify the repetitious nature of bullying.**
- 3. Students will be able to recall math facts, understand algorithms, and increase their mathematics level.**
- 4. Students will increase their ability to analyze text and increase their vocabulary, reading comprehension, and writing abilities.**
